

National FAA Safety Team presents:

AirVenture 2023 Forum - CFIs in the Accident World

Just as in life, we are constantly subject to a learning cycle that has a foundation based on the quality of the mentors we learn from. Mentors committed to sharing their wealth of knowledge and their time tested ability to evaluate the skills and knowledge of our future generations of pilots.

We will look at aviation training, evaluating, and examining within the industry and the effects dwindling mentorship has had on the recent and potentially future accident rates. We will discuss solutions and bring forward thought provoking conversation during this interactive presentation. WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

Directions: The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

Prior to attending a safety seminar, please review and abide by current CDC, State and local health guidelines.
